

# 1923 Cadillac Coupe

Model 61

*This beauty is ready to win awards at any show, or participate with any road rally or tour and in perfect driving condition!*

**Very RARE Car:**

Search the internet, Search the car clubs, we found only 4 in existence!

- Mohair Interior in perfect condition
- Fuel is fed to carburetor from pressurized fuel tank- no fuel pump!
  - Vacuum Assisted brakes
  - Jump seat retracts for ease of use
- Nickel plated lights, Steering wheel is made of walnut and has no hinge
- Self lubricating bushings were featured at many points in the brake and clutch linkage
  - Transmission gear lock
  - 2 spare tires with key lock. Equipped with air compressor!
- Engine light and Dash equipment included combined clock & speedometer with trip set, combination ammeter, oil & fuel gauge cowl vent, combination lights & ignition switch, dash lamp, tilting headlight with tinted lenses correct for the day, map light.
  - Rear compartment lights, hand painted bud vases, pull down privacy shades
    - V8- 314 cubic inch, 60 Horsepower, Weight 4110 lbs
  - The jump-seat next to the driver was designed to carry the “gate boy” who would accompany the owners from the main house, through the various gates one finds on a typical large farm, and opened and closed the gates as the car passed through.

***One of the finest vehicles available in it's time! Can't compare to “similar” cars, this is a one-of-a-kind rare beauty no one else has in their collection!***
